THE POLICY

1.1 INTRODUCTION:

Southern Table Tennis (STT) is committed to providing a safe and healthy environment to its members, guests and visitors. This policy endorses and embraces the Table Tennis SA (TTSA) 'Hot Weather Policy' as varied from time to time and available on the TTSA web site at www.tabletennissa.org.au

As the TTSA policy mainly applies to non airconditioned venues the executive committee of STT has also included the condition that for competitions held at STT if 2 hours prior to the commencement of the competition the Bureau of Meteorology (BOM) website is showing the temperature at Noarlunga to be above 40 degrees Celsius then that competition shall be cancelled.
